

Score Card

Pangea Institute Design Competition

Instructions

Please rate the quality of the submission's reflection of the design criteria listed using a point system from 0 to 5 where 0 is extremely poor or non-existent and 5 is excellent.

Please also let us know if you think this submission should be considered for the prize of Honorable Mention if it does not place in the top three.

Detailed explanations of the design criteria can be found in the Pangea Institute Competition Proposal and Rules.

If you feel you are not qualified to rate a design criterion, please leave the score area blank for each submission you judge.

After judging, each submission's scores will be added to determine the winners.
